A Good Entertainment.

The play, "The Prisoner of Andersonville," given by home talent in Music Hall, Wednesday and Thursday evenings under the auspices of the Knights of Pythias, was very well rendered, and received good patronage. The play was given under the direction of the well-known actor, B. F. Crandall, who sustained the leading role in excellent style. As the title indicates, this is a war play, and brings in many stirring military scenes. The leading parts were well taken, and Misses Marguerite Robinson and Christabel Brown, as the two heroines were most charming in appearance and acting. Little Shirley Robinson well sustained the family reputation for histrionic talent. Mrs. George Morse and Harley Johnson were the darlings in the play, and convulsed the audience by their capers. Will Cleary as the villain, Will Currier as one of the heroes, and Ray Leonard as the Irishman, all had excellent parts and pleased the audience by their performance. The other parts were well filled by William Newell, Louis Beauregard, and other members of the Knight of Pythias order. Mrs. Brock's orchestra furnished music for the play, and for dancing to follow.

Scruggs-Thompson.

A quiet, but very pleasant wedding took place here Friday, at noon, the principals being Miss Leonora Thompson of this place, and Rhett Reynolds Scruggs of Woodsville. The ceremony was performed in Miss Thompson's home in Ides block, the rooms being prettily decorated for the occasion, and only the immediate relatives of both were present. The marriage ceremony was performed by Rev. E. G. French. The bride was married in a handsome tailor made gown of broadcloth, and immediately following the ceremony, Mr. and Mrs. Scruggs left in a large automobile, generously decorated by friends with white ribbons and old shoes, for a bridal trip to New York, Boston and Washington. After December first, they will be at home at Woodsville, where Mr. Scruggs is in the hardware business. Mrs. Scruggs is well known and most popular here, where she has lived all her life. She will be greatly missed by a large circle of friends who nevertheless extend hearty good wishes for her future happiness.

Next Week the State Fair.

Large Crowds Promised from all Sections of the State—Every Detail is Complete.

With all the attractions that have been secured and with good weather the first annual state fair to be held at White River Junction, Oct. 1, 2 and 3, promises to make a record mark in attendance and to win for the management the highest kind of praise.

Reports received by the state fair commission from every county in the state indicate that large numbers of people have planned to visit Vermont's own and greatest event in the exhibition line, and those who have had a hand in building this enterprise are confident that there will be no disappointments to all who witness their great undertaking.

To the horsemen there is a certain satisfaction awaiting them. The races, everyone on the card, has a large list of entries and the horses are among those best known for speed in this northern section. The horse department will show some of the finest specimens ever seen upon a fair ground. Morgan horses, the pride of the average Vermont horseman, will be there in no small numbers. Then, the horseman's tournament will be a feature that is sure to interest every person who takes the least interest in equines.

The cattle department will be extensive in the exhibits shown. It will be the largest ever seen in the state and will embrace all grades of stock, some of the herds to be shown having won more than one blue ribbon. Sheep, too, will be seen in large numbers and the poultry department will be found extensive in the number of entries made. Every accommodation has been provided, not only for the exhibits, but for the largest crowds as well.

The amusements are the best and most novel ever seen upon a fair ground and additions are being made every day. Low rates have been made by the railroads and the accommodations to the grounds from White River Junction are ample in every way. The new railroad, to be operated by the state fair commission, will run to the grounds every few minutes and this will ensure no waiting to reach the largest fair grounds in the state and the greatest fair ever held in northern New England.

There was no water in the lungs. It is thought probable that he was stricken as he was getting into his boat.

It is now learned that Harry S. Smith, of Morrisville, whose dead body was found in the Lamotte river recently, was not drowned but died of heart disease.
